Professional Summary

Aspiring Full Stack Developer with hands-on experience designing and building responsive, dynamic web applications. Skilled in React.js, Node.js, Express.js, MongoDB, and Appwrite, with a strong foundation in HTML, CSS, JavaScript, and API integration. Proficient in developing scalable, maintainable solutions with secure authentication systems and optimized database management. Adept at collaborating in team environments, applying modern development practices, and delivering user-focused digital solutions. Completed multiple certifications in Java Web Development, Cloud Computing, Git & GitHub, and Generative AI to stay ahead of emerging technologies.

Technical Skills

 **Languages:** JavaScript, Java, SQL, HTML, CSS

 **Databases:** MongoDB, Appwrite

 **Other:** API Integration, Authentication Systems, Responsive Web Design

 **Frameworks & Libraries:** React.js, Node.js, Express.js

 **Tools & Platforms:** Git, GitHub, VS Code, Cloud Computing

Professional Experience

Web Developer Intern – Amity Innovation Incubator | Noida, India | Mar 2022 – Apr 2022

- Developed interactive multi-section form pages for internal and external use.
- Integrated tools such as file upload fields, dropdowns, and dynamic input sections.
- Focused on user-friendly UI/UX to ensure smooth experience.
- Collaborated with team members to test and deploy functionality.

- Utilized HTML, CSS, and JavaScript.
-

Projects

React + Appwrite Blog Platform

- Built a full-featured blog platform using React.js for frontend and Appwrite for backend.
- Implemented rich text editing, image uploads, and secure authentication.
- Integrated APIs for dynamic content management and responsive UI.
- Designed user-friendly interfaces for seamless experience on all devices.
- GitHub Repository: [Link](#)

Personal Portfolio Website

- Designed and developed a personal portfolio website using React.js with a single-page layout.
 - Implemented multiple sections: About, Skills, Projects, and Contact.
 - Integrated responsive design and dark theme using Tailwind CSS.
 - Added typing animation for a professional introduction and skill icons for visual clarity.
 - Created a functional contact form to directly send emails using EmailJS.
 - Project GitHub Repository: [Link](#)
-

Certifications

- Java Web Development with AI – HCLTech (Mar 2025)
 - Getting Started with Git and GitHub – IBM (Feb 2025)
 - Build Your Generative AI Productivity Skills – Microsoft & LinkedIn Learning (Oct 2024)
 - Introduction to Web Development with HTML, CSS, JavaScript – IBM (Oct 2024)
 - Certificate of Achievement: Freedom With AI Masterclass – Freedom With AI (Sep 2024)
 - Introduction to Cloud Computing – IBM (Sep 2024)
-

Education

- Diploma in Computer Engineering – Amity University (2022)
- B.Tech in Computer Engineering – AKTU (2023–2026)
